The Open Government Partnership

The Constitution of Norway

'Everyone has a right of access to documents of the State and municipal administration and a right to follow the proceedings of the courts and democratically elected bodies. Limitations to this right may be prescribed by law to protect the privacy of the individual or for other weighty reasons. ... It is the responsibility of the authorities of the State to create conditions that facilitate open and enlightened public discourse.'

Constitution of the Kingdom of Norway, Article 100.

Records Management in Girona

Records management allows a first global identification of the functions, activities and producers, using the Records Classification Scheme and the General Register of Case Files... These two tools provide a global perspective on the organization difficult to achieve by other means...
